

# Daily Affirmations of the Conscious Educator

In our group every single child is welcomed.

We celebrate the uniqueness of each child.

We welcome challenges just as much as strengths.

We know that every child learns differently.

We recognize the precious gift that each child brings to this world.

We are aware that emotions are sometimes hard to manage.

We accept that there are good days and bad days, and each day is a fresh start.

We believe in helping each other.

We embrace conflicts as part of the learning process.

We make sure that in our group no one feels left out.

**Every child wants to be seen,  
heard, loved and appreciated  
for who they AUTHENTICALLY are.**
